

4E Project NEWSLETTER July 2020

The aim of the 4E project is to contribute to the improvement of the skills and competencies of older workers in the European labor market.

The objective of the project is through the exchange of good practices between private and not for profit entities to come up with the methodology and training module which will address the needs of the current labor market for the citizens 50+ and provide the basis for other educating centers and organizations with regard to the education of the older workers.

The project partnership consists of 7 partners: the Czech Republic, Greece, Hungary, Italy, Lithuania, Spain, and Sweden.

We invite you to visit the 4E project's official website, where you can find more information about the development of Desk Research, Teacher's book and Training Material, and other upcoming events.

In the 4E project Facebook page, you can find the latest information and articles about the Ageing and Employment policies as well as aging workers and certain skills, needed by citizens 50+ in the workplace.
